The first thing you need to do is to go back and review the Greek Alphabet

at C. until you can figure out all the transliteration above, and can read

this verse through correctly, with Modern Greek pronunciation.

Find a native Greek-speaker and let him or her read aloud to you

or even make you a tape reading the book of Yehudah.

We are also going to give you the same Yehuda material in

Yiddish, Hebrew, Russian, French, Spanish, and Ladino

(all the major languages

spoken by the Jewish people throughout the world).
