

The Lord knows those who are His, but many people going in and out of the World Trade Center angrily refused to take the Biblical publications the Messianic Jewish Preacher and the other ministers were distributing on those fateful days just 40 days before the destruction of the World Trade Center. The Bible warns, "Boast not of Tomorrow. You know not what a day may bring." "Today is the Day of Salvation!" You are not promised Tomorrow, friend.

You must listen to God's Word today. Don't be stubborn and rebel as they did when they put God's capacity to execute judgment to the proof and found out the hard way that God can indeed be "the Shofet Kol HaAretz (the Judge of All the Earth)" OJBC Rom3:6).

If you make confession today with your mouth of Yeshua Adoneinu and have faith in your heart that God raised Him from the Dead, you will be saved. (Rom. 10:9)
